2005.0004 MEANJIN EDITORIAL RECORDS OF C.B. CHRISTESEN 1940-1974

Creator	Christesen, Clement Byrne
Creator's Activity/Occupation	Editors - Authors

Biography:
C.B. Christesen was born in Townsville in 1911; his family moved to Brisbane several years later, where he attended the State High School, King's College and the University of Queensland. Working as a journalist and broadcaster and active in literary and drama circles, he founded the literary journal 'Meanjin' with three friends in 1940. He soon became its sole editor and in 1944 he re-located it to the University of Melbourne upon the invitation of Vice-Chancellor John Medley, who offered to nurture it with University resources. Christesen shaped 'Meanjin' into Australia's foremost journal of literature and opinion and remained its editor until his retirement in 1974. He received many awards including the Order of Australia and published volumes of his own poetry and short stories as well as many anthologies of Australian poetry and short stories.

Creator	Meanjin
Creator's Activity/Occupation	Publishers

Biography:
Meanjin was founded in Brisbane by Clem Christesen (the name, pronounced Mee-an-jin, is derived from an Aboriginal word for the finger of land on which central Brisbane sits) in 1940. It moved to Melbourne in 1945 at the invitation of the University of Melbourne. At the beginning of 2008 Meanjin became an imprint of Melbourne University Publishing.

Known primarily as a literary magazine, Christesen ensured that Meanjin reflected the breadth of contemporary thinking, be it on literature, other art forms, or the broader issues of the times. During Christesen's 34-year editorship he published the leading figures in Australian letters and introduced Australian audiences to many international writers. This breadth has characterised Meanjin for more than 70 years, continuing under its eight subsequent editors – Jim Davidson, Judith Brett, Jenny Lee, Christina Thompson, Stephanie Holt, Ian Britain, Sophie Cunningham and Sally Heath. A list of the contributors to Meanjin includes Australian writers Judith Wright, Kylie Tennant, Manning Clark, Vance & Nettie Palmer, A D Hope, Dymphna Cusack, Martin Boyd, Alan Marshall, Dorothy Hewett, Peter Singer, Vincent Buckley, Donald Horne, Patrick White, Gwen Harwood, Bruce Dawe, David Malouf, Humphrey McQueen, Jack Hibberd, Roberta Sykes, Helen Garner, Alex Miller, Frank Moorhouse, John Morrison, Hal Porter, Rodney Hall, A A Phillips, Peter Carey, Alice Pung, Michelle de Kretser, J M Coetzee, Carmen Callil and Dorothy Porter. International authors published include Jean-Paul Satre, and Kurt Vonnegut.

Scope and Content of Series

The entire records of CB Christesen, editor, including correspondence, manuscripts, newscuttings, photographs, administration and subscription records. Also some personal material of Clem and Nina Christesen.

There are five distinct series of records within this collection:

1. Correspondence files (345 boxes) are arranged alphabetically by correspondent's name (either an individual or an organisation), with the majority being correspondence between Christesen and authors. Some poems and other writing by Christesen are included under his name. Correspondence files are listed in detail.

2. Administrative files, including subscription files (105 boxes). Subscription files for the years 1964 – 1972 are arranged by year. There is no detailed listing of these files.

3. Presscuttings (62 boxes). These are organised into two sequences, one relating to individual meanjin authors (arranged alphabetically by name) and the other relating to other subjects. Again there is no detailed listing of these available.

4. Artwork and covers for the Journal (4 boxes).

5. Photographs (316 items). These are listed at the end of this document. The photographs came from the office of editor C.B. Christesen who compiled a reference set of photographic portraits of Australian authors, many of whom were published in the pages of Meanjin. The photos are mainly by professional photographers, obtained from publishers, newspapers or from the authors themselves. Many of these photos are not unique copies. Only a few of Christesen's personal photographs are contained here. C.B. Christesen also collected images, usually newscuttings, of overseas writers that had no association with Meanjin. These have been culled.

The University of Melbourne Archives holds records of subsequent Meanjin editors:

Jim Davidson (1974-1981): reference number 2001.0044

Judith Brett (1981-1987): reference number 2001.0045
