PROJECTS BY JOB NUMBER 1948-1961

Reference Number	1984.0047
Collection/Series Title	RECORDS OF YUNCKEN FREEMAN ARCHITECTS PTY LTD AND PREDECESSORS: PROJECTS BY JOB NUMBER
Creator	Yuncken Freeman Architects Pty Ltd
Creator's Activity/Occupation	Architects Town planners
<p>Biography</p> <p>The architectural and planning practice, Yuncken, Freeman Brothers and Griffiths was established in Melbourne in 1933 by Otto "Rob" Yuncken, brothers John and Tom Freeman, and (William) Balcombe Griffiths. Three of these men had studied with the University of Melbourne's Architectural Atelier. Following the disruption of WWII, the firm became Yuncken, Freeman Brothers, Griffiths & Simpson in 1945 when Roy Simpson joined the partnership. Barry Patten and John Gates were admitted to the partnership in 1953 following the death of Rob Yuncken (1951). In due course, John Yuncken (Rob's son), Robert Peck and Jamie Learmonth also joined the firm.</p> <p>In 1963 the Royal Australian Institute of Architects approved the principle of architects practising as proprietary limited companies. The partnership was disbanded and re-established from 1 January 1963 as Yuncken Freeman Architects Pty Ltd.</p> <p>Key figures in the firm such as Barry Patten and Roy Simpson designed some of the most iconic Australian architectural works in collaboration with other architects at YFA which operated in a team model. Such projects included the Sidney Myer Music Bowl (Reynolds Award 1959), AON Centre (Victorian Architecture Medal 1967), Treasury Place (RAIA Victorian Bronze Medal for Excellence 1970), Eagle House (RAIA Award of Merit 1972), BHP House (RVIA Victorian Architects Award (1975) and the Master Plan for Latrobe University as well as number of significant projects in Melbourne, Canberra and abroad. Several YFA projects are listed on the Victorian Heritage Register.</p> <p>The evolution of YFA largely reflects that of Australian architecture in the mid-to-late 20th century. During this time, Australian designers were experimenting with materials, form and space. They were inspired by the processes of the modernist movement but sought to add their own Australian touch and to bring modernism into the home and not restrict it to just the cultural avant-garde.</p> <p>Yuncken Freeman Architects wound up in 1992.</p>

PROJECTS BY JOB NUMBER 1948-1961

Scope and Content of Series

Architectural drawings and related documentation for projects by the firm established as Yuncken, Freeman Brothers, Griffiths and Simpson. Most projects in this series are identified by a number assigned by the firm, and entered into the database as YFA job 'N'.

Units 1-16 hold documentation files about YFA projects controlled by YFA job number and project name.

The quantity and complexity of these files varies, but may contain additional drawings and architect's notes; correspondence with clients, state and local authorities, contractors and suppliers; contracts (including variations), specifications and certifications; site photographs; correspondence and records about purchase of fixtures, furniture, equipment and artworks. Samples of materials and brochures are scattered throughout the files. These units may be requested into the Reading Room.

Remaining units comprise architectural drawings for YFA projects controlled by YFA job number and project name.

Additional information captured in the database includes, address, client, project name and type of project (residential, commercial, etc) as well as the media used when creating the drawings. Architectural drawings may be requested in the online system, but accessed by appointment. Archives staff will contact you to arrange a suitable time.

Records created by Yuncken Freeman Architects are controlled by several reference numbers at the Archives, and parts of each job may be distributed across these reference numbers.

Please see series 1987.0050, 1987.0051, 2018.0077 and 2018.0079.

The majority of photographs are within series 2018.0115.
