A.W. MUDDYMAN COLLECTION - SECOND ACCESSION**

**HISTORICAL NOTE: Mr A.W. [Alfred William] Muddyman was an investment adviser and company director. Company Boards on which he served included Flinders Petroleum N.L. and Quest Mining and Exploration N.L.**

**He was the son of Alfred William Muddyman and Jane Campbell, and married Caroline Sinclair. Mr. Muddyman died at Prahran in 1977 aged 82 years and his wife died aged 88 at Malvern in the same year.**

**In 1982, some time after Mr Muddyman's death, his office effects including his filing cabinets complete with files were sold at an auction house in Melbourne. One cabinet was bought by the transferors who recognised the importance of the files and who collected the balance from other purchasers `who were only too happy to get rid of the cumbersome collection of papers'. The collection was left in storage until donated to the University of Melbourne Archives in 1995.**

**NOTE ON THE COLLECTION:**

**The files consist of news clippings and company reports on Stock Exchange listed companies compiled by Mr Muddyman in the course of his business.**

**The files have been left in boxes as arranged by the transferors, and the main list describes the contents and date range of each file in each box starting with box one. An alphabetical index of**
