	20	Secretary's Files: W. K. Tickner's administrative filing system, A-V <i>Series Note:</i> William Kent (Bill) Tickner succeeded E.C. Crawford as Hon. Secretary of the Sports Union in 1951 and retired in 1977. Cheryl McKinna was appointed as director in 1978. These files were created by Tickner throughout his long tenure as Secretary. (Some files predating Tickner are also listed here as	1920-1977

		they appear to have formed part of his record keeping system, e.g. Australian Universities Sports Association). The files contain correspondence and related papers on a range of matters and provide a record of the activities of the Sports Union. They also contain evidence of Tickner's broad sporting interests which extended beyond Melbourne University. It became apparent during processing of the Sports Union Archive that a large amount of the material transferred consisted of W.K. Tickner's record keeping system (referred to when transferred as the "second accession"). The original order of Tickner's files appears to have been an alphabetical arrangement by subject, sometimes further divided by years. The files had been rearranged at various times, and it proved impossible to reconstruct the original order completely, but the alphabetical sequence used in the office has been reconstructed as far as possible, and original file titles transcribed where evident – there are thus some titling idiosyncrasies. For ease of use, series and item numbers have been applied based on the alphabetical arrangement. Tickner's working files of University and Sports Union committees have generally been maintained, when annotated, but in most cases should not be considered the official record.

		Recreation Grounds Committee: Beaurepaire Centre <i>Note: Reconstructed from W.K. Tickner's administrative filing sequence. The files were established annually and contain diverse records, including inward and outward correspondence; matters related to building management and development; working papers for, and final, balance sheets and budgets; some minutes and agendas of the RGC. Some sampling has been done to reduce the volume of work and equipment orders, receipts, invoices, and other minor financial and administrative records contained in the files. However, the series still contains a detailed record of the Hon. Sec. W. K. Tickner's daily management, a key part of which was responding to the requirements of the Centre's many clients.
