HISTORICAL NOTE	<p>Prest was born in York, England, in 1907. He was educated at the Universities of Leeds (Honours degrees in History and Economics) and Manchester (Masters degree in Economics), and lectured in Economics at St. Andrews University before taking up a senior lectureship in Economics at the University of Melbourne in 1938.</p> <p>He became Truby Williams Professor of Economics in 1946 and retired from the University of Melbourne in 1972.</p> <p>Between September 1941 and January 1943 he conducted a social survey of households in a number of Melbourne suburbs, and in 1952 published 'Housing, Income and Savings in Wartime'. Prest was a member of the Commonwealth Grants Commission from 1953-1965; in 1963 he published 'Economics of Federal-State Finance'. Despite his wide-ranging activities in Australia, Prest regularly renewed his academic contact overseas, receiving a Carnegie Corporation award in 1949 for study in the USA and receiving appointments as Commonwealth Fellow, St John's College, Cambridge in 1957, Commonwealth Visiting Professor at the University of London in 1966, and Visiting Professor in the University of Pittsburgh.</p> <p>After his retirement from the University of Melbourne, Prest was a Visiting Fellow at the Centre for Research on Federal Financial Relations at the Australian National University. His major study 'The development of Australian Fiscal Federalism' was published by the A.N.U. in 1980. Prest received the distinction of Commander of the British Empire in 1966 and in 1982, one of the first Honorary Doctorates in Commerce awarded by the University of Melbourne.</p> <p>Wilfred Prest's brother Alan Prest was also a distinguished economist in England. With his wife Marjorie, Wilfred Prest had two sons, Wilfrid and David. He passed away in Melbourne on 14 August 1985.</p>

DESCRIPTION	<p>Records of this collection cover mostly the later part of Professor Prest's career between 1970 and 1984. It illustrates Prest's change of research interests after his work with the Commonwealth Grant Commission, from industrial economics to problems of fiscal federalism and public finance.</p> <p>This accession record comprises Wilfred Prest's personal papers, newspaper clippings, subject files; inward and outward correspondence with overseas contacts; reports and correspondence from the Commonwealth Grant Commission and papers Prest wrote on its early history; minutes, correspondence and conference papers on federalism, from the Centre for Research on Federal Financial Relations (Australian National University); research papers and reviews with copious notes by Professor Prest on the topics of federalism and Public Finance; correspondence, reports and photographs of the 1973 Australian Constitutional Convention at which Professor Prest was an Economic Adviser to the Victorian Delegation.</p> <p>The original order of the collection as it first came in to the Archives was mostly preserved. The order of the boxes has been changed to join together relating records and group them by activity. The current order was thus imposed by the archivist with minimal arrangement.</p> <p>The first two boxes, items 1 to 24, contain personal records of Wilfred Prest and his wife Marjorie.</p> <p>Items 25 to 114 on the list are subject files organised and kept by Professor Prest and covering topics of interest such as health and age care, natural resources, government politics, the Premier's conference, tax sharing, mining companies, public finance and federalism.</p> <p>The items 115 to 121 comprise files and publications relating to the 1973 Australian Constitutional Convention.</p> <p>Research and conference papers from the Centre of Research on Federal Financial Relations to which Professor Prest abundantly contributed after his retirement from the University of Melbourne, his notes and records about the Commonwealth Grant Commission correspond to item numbers 122 to 159 on the list.</p> <p>Item 160 encompasses Professor Wilfred Prest personal collection of American publications on Federalism.</p>
