

Reference Number: **2015.0026**
Collection/Series Title: **EXECUTIVE OFFICE
CORRESPONDENCE**

Creator	Australian Red Cross Society, Victorian Division
Creator's Activity/Occupation	Charities - Community organisations
Creator's Historical Note Note: University of Melbourne Archives holds records of the Australian Red Cross National Office and the Victorian Division of the Australian Red Cross. Records of other state Divisions are not held by the University of Melbourne. The Victorian Division of the Australian Branch of the British Red Cross Society was formed on 21 August 1914, days after the establishment of the Branch itself. The inaugural President was Lady Margaret Stanley, wife of the Governor of Victoria. For much of the twentieth century the state Divisions of the Red Cross held primary responsibility for the delivery of Red Cross services, especially during peacetime. Blood transfusion services, missing persons tracing, hospital and convalescence, fundraising, disaster relief and a wide range of other community services largely have their origins in the state Divisions rather than the National Office. However during the latter part of the twentieth century coordination of services gradually shifted from state to national level. Organisational restructuring in the late 1990s consolidated this shift. For a summary of the history and activities of the Australian Red Cross as a whole see the entry Australian Red Cross Society - National Office in University of Melbourne Archives online catalogue. Scope and Content of Collection/Series

[Red Cross Archives series reference: V61]

Inwards and outwards correspondence of the Red Cross Victorian Divisional Secretary (later Executive Director).

This series reflects the wide range of operational activities of the Victorian Division of the Australian Red Cross during World War II and subsequently (only a very small number of files pre-date World War II). These activities include fundraising, domestic and international relief, prisoner of war tracing, hospitals and rehabilitation services, a wide range of other social services, blood transfusion services, coordination and recognition of Red Cross volunteers and the governance, financial and other administrative operations of the Division.

File titles created by the Red Cross have been retained by the University of Melbourne Archives (refer to the Records Description List), although initialisations and acronyms which are not widely used have been expressed in full.

Several filing sequences are evident within the series. Four separate sequences of alphabetically arranged files cover the period 1942-1950 (see units 1-6, 6-8, 8-9 and 20-24). From the early 1950's onwards many file titles are prefixed by an operational activity term (for example 'Appeals', 'Blood Transfusion Service' etc).

There has been some amalgamation of files, for instance many 1947 have been amalgamated into a corresponding 1948 file. Where this has been identified it has been documented. Researchers are advised to check the subsequent year's file to locate records which have been carried forward into the next year's filing system. Note that the National Executive Minutes (including Finance) are within Unit 127 see also (2015.0033).

Researchers should note that under the Geneva Conventions Act 1957 protections govern the use of the Red Cross emblem. For further information see Archives staff.
