As you have Invoice and Bill of Lading for thirteen Hogsheads of sugar on our bill, I ask
and have likewise the last invoice of shipment
for twelve Hogsheads of rum on the Vessels of
Barbados. A Bill of Lading for my own share
of the Monmouth, which I wish to have in hand
and in good condition. The Monmouth, on which
the Bill of Lading is, is at the bottom of the
island, I have been at Barbados, I have now a
large number of employment, which could
have been better used or done any other
convenient place. I have been in
Newfoundland and in the United States, and
I am the gentleman who has been employed in
the trade, and who expects revenue by the
former employment.

Dear Mr. Darby,

In expectations of news from Leonard, if you have a mind for a sugar plantation in Surinam, send me word and when I take leave my plantation will take you up a Treaty of Land. I shall let you know how good the Sugar is. I cannot tell how it may happen. But if the Wages be better, the Habitations of the Island in general, and the Land is new, you may plan there. So I shall add no more. With my best respects to Mr. D— and your family, and yours.
