the blazer

The blazer has come to be the international standard by which modes of sporty elegance are judged. Perhaps that’s due to its illustrious origins in the Royal Navy and on the playing fields of Eton. Perhaps it’s the simple fortitude and functionalism of a most versatile jacket. Whatever the source of its appeal, there’s no better place to begin your Made to Measure wardrobe.

the dinner suit

Given the relative importance of formal events in direct proportion to the number of times you are asked to dress for one, selection of a dinner suit calls for true judgment. While in reality a fairly straightforward suit, fabric quality, construction and proper fit then become all the more self-evident. Styles available are pictured on the following pages.
