Dear Mr. Hayward,

My sister (Mrs. Rynill) and Cousin (Andrew Hayward) tell me you are anxious to have copies of some old letters, dated 27th July 1811 and 30th October 1811, which are in my possession, and I am forwarding same to you herewith with a copy of the paternal and maternal pedigree of our grandmother, A. M. C. W. Hayward, which I think may be of interest to you as it concerns your branch of the Hayward family also.

If you wish to see the originals of the letters referred to above I am quite willing to forward them to you. I have copied the spelling exactly and you will find same rather quaint, I think, probably the letters you have in your possession are all written in the same way.

Should you ever visit our part of Australia I trust we will meet with kind regards.

Yours sincerely

Theresa H. Hayward
