**Creator's Historical Note**

Note: University of Melbourne Archives holds records of the Australian Red Cross National Office and the Victorian Division of the Australian Red Cross. Records of other state Divisions are not held by the University of Melbourne.

The Victorian Division of the Australian Branch of the British Red Cross Society was formed on 21 August 1914, days after the establishment of the Branch itself. The inaugural President was Lady Margaret Stanley, wife of the Governor of Victoria. For much of the twentieth century the state Divisions of the Red Cross held primary responsibility for the delivery of Red Cross services, especially during peacetime. Blood transfusion services, missing persons tracing, hospital and convalescence, fundraising, disaster relief and a wide range of other community services largely have their origins in the state Divisions rather than the National Office. However during the latter part of the twentieth century coordination of services gradually shifted from state to national level. Organisational restructuring in the late 1990s consolidated this shift.

For a summary of the history and activities of the Australian Red Cross as a whole see the entry Australian Red Cross Society - National Office in University of Melbourne Archives online catalogue. Other sources include:

Scope and Content of Collection/Series

Comprises index cards detailing Junior Red Cross group activities administered within participating schools throughout Victoria. Cards are filed alphabetically by school or associated Junior Red Cross group names. Each card includes the school/group name, the teacher/s who coordinated the group, details of Victorian Red Cross office-bearers for each year and a summary of the activities undertaken by the group. The activities and actions of administration of each group are identified on a separate card titled "Particulars", which date and list actions of communication, donations, expenditure and membership letters from the Red Cross to the school group or visa versa.

This series has an alphabetical list of participating schools and the dates groups were active. Researchers are encouraged to review this list to determine whether there likely to be an index card for a particular school or group.

Researchers should note that under the Geneva Conventions Act 1957 protections govern the use of the Red Cross emblem. For further information see Archives staff.
