Dear Sir

Knowlton, Mass. Dec. 14. 1863

Have taken my hand in Colville K2
against a project for I may almost say for
rebuilding the Church which in good repair
quite sufficient for the Parish. If jointures happen
there will be able to procure for me in the afternoon
by Pondland Church Vardan guide I would be
very much obliged this book is not out of Print
I will return him in 3 or 4 days & you only borrow it.
At a meeting which took place last week I very much
wanted Mr. Lloyd's presence. He is a Ratepayer
should be led to put to vote this I may mention
be done by raising his Rate for joyce & to raise
value & making him an addition to his salary
equivalent.
Consider it a matter of consequence that he
should attend the Parish meetings of which I have
heard we ought also to have previous information
what as Lloyd is now a Ratepayer I presume you
could get. How soon can it be done. I have
other mode of giving him ^{this right} a qualification might
suggest itself to you. - When can he be put on the
Rate. -

I am much obliged by your note of 15th. 19th with
reference to my attendance at the Hiskop Parish Council
Rate Meeting. I find myself unable to attend but
but Rate payers can attend & can work a Power of
attorney in Madras & Mr. Martin of Leabury
are obliged to come down from London to attend them
meeting there. The Mayor has also been asked to do
they attended & valuable in my hands because
they are upheld by my (and I do not wish to be
be otherwise) under any kind of fixed terms even
for a month as I understand from him. I also find he
would like a more fixed holiday but to that I get. When
I get paper in February of the Hiskop Parish Council

can be (perhaps raised to above 6th x

be added to the existing Rate Book with a do not mind

Dear Sir

Dec 26. 1867 R.L.

I have a note from Mr. Heywood who seems to think
the two year notice might be modified by some person not
abandoning the right to present against expiration of an
earlier date than two years. I apprehend there is nothing in
this derivation. But if you should think it a matter of
some thing of the kind, you might be added at the bottom
of the notice. I do not suppose the same except to the extent
that I mean. I leave to you consideration whether any
what can be made or made by the same thing
of the same kind to be added. "The former General
will take notice that they are not in state to
be added. Proceeding with the history of any person as they
are". I am, Sir, Very truly,

My dear Sir

I thank you very much for your detailed letter in
explanation of the mill title. In respect to the title,
you wish to have from the Tythe Map as far as the land
House Mill & overfall implying the other mill had the
superior water. I see no objection. but I find in my
copy of the ^{Tythe} Map that the ^{stream} valley ^{is} ^{by} which it is
it is supplied and so improperly lead down. That
it will be better not to use it for that purpose.
It might perhaps appear to admit the correctness of the
Map (which is not for a Clay, the wind & wind the
rights about the position of the mill. I may consider
this vexatious. R. P. H. Henry Knight

If Mr. Masefield Clerk comes to copy a
portion of the Tythe Map I wish you would

where the overfall at the respect of the
meadows permits the superfluous water to go
down to the other mill. J. H. Knight and bring
his copy over to me.

Time is going on & I remember some time ago you mentioned to me that a lady, one of the sisters, but many (6 or 7) would be paid off by the practice, or when security is held. I am becoming very accustomed to it & I should be glad to hear whether you have found any firm or act. The proper interest must be investment. I suggested that perhaps the practice would be ready to hold it. I tell but I do not remember receiving any information from you about it. We do know whether this is or is not. at all likely. Yr. H. While you are at length I wish you would talk to
Robert about the best report of highest necessity
for ~~6000~~ ^{several thousand pounds} which the Bristol Dock Company are about
to pay off belonging to the Squire Welles (though perhaps
other trust money) He mentioned to me that some
ago that they ~~would~~ ^{had given notice of intention to pay off} ~~pay off~~ ^{in full} ~~the~~ ^{the} ~~debt~~ ^{debt}
a hope that they would retain it. Since which I have
heard nothing more about it. I think he very glad
to see you in London. I am not sorry that your
scheme is given up. Would have been a
great rivalry from various companies. It was too
magnificent. Y. Bright

I am persuaded your judgment about for warding
the little parcel you have been kind enough to bring
for me from Mr Coon Camp & you is the best plan
which can be pursued. and most readily accept
the kindness you offer I only purpose a moderate
of your former idea thinking I may as well
trouble me with it but as this is not the case
I am sure you expect the best. I remain Sir

I have not had time to write for many. I suppose it is
 with you as it is not pretty and the a copy of it for the
 last work on a sheet of paper is that any thing new or the
 you are in. I have a great many of you. It is the crop

Mr. May

Monday June 20 1864

I have yours of the 17th. of the same day.
The Emigrants ^{have} had violent disputes among themselves
destroying fences. being very stirring in Effry & various
lawless acts. Ray writes me a long letter detailing
all you have heard about them & writes me saying
that you have from time to time. What
fences have been destroyed & where & what
persons burnt in Effry & Effry & other places
and I am surprised you did not write to me
about them before. You will also hear Mr. Mayfield
has applied about them & they are very bad.
Mr. May. Edward Green

Dear Sir

June 20. 1864 2 PM

I have yours by this morning's Post respecting the
Emigrants & will write to you more in detail &
the help when I have seen it some circulation
I cannot however delay expressing my notion that if
a further attempt be made to remove that it may
be followed by a fight with all the people of the
neighbourhood assembled there will be very disagreeable
& there may be may not be a fight but as I have
before this write more fully when I have heard it
again in my mind. - What does Mr. Mayfield
say. & upon the subject of Effry. Mr. May
on date of 17 writes the Emigrants in the Hill have
had violent disputes among themselves lately
destroying fences being very stirring in Effry & Effry
various lawless acts. This is the fact. Hence
I send you.

G. Mayfield Esq. Sol^r. Leebury

My dear Sir

2 PM

I enclose a full extract from letter received from
Mr. Mayfield this morning - & have made an

all at some time some on the Emrackon (They were
demolished) th but they fence were soon restored
there has been much disturbance since an attorney at
Wrexham has threatened us with an action he has been
Gueroahon have had a meeting & agreed to arm themselves
with loaded flint & fight we purpose sending again
a stronger force but fear it will have no good result
we are satisfied the only effectual course left to
carry out the abatement under the enclosure acts
which we could induce you to think is if we
don't attack first we shall have no action made
but to ask the Landholders to meet voluntarily
what course to take to come to a settlement is an
idle & foolishly because each are unwilling to make
a defendant. Supposition & renders it impossible
for us to act with as much effect as we should
"should do" - I have written to Mr. Field to say
I would answer him when I have had time to
can do it again but that I think a second
attempt ought to be avoided because it would
lead to an unpleasant fight with all the roughs
I think there must be some legal proceeding
either in Law or Equity which would stop the
soil Ejectment or Indictment as I presume
must for ought to be avoided for here
the Enclosure Com. must act may consider
it & give me your advice. Will be very sorry
to apply to Mr. Palmer about it being a
matter under the bill of 1845. Since I
wrote the above I found in a letter of 18th for
my that the Gueroahon have had violent
quarrels among themselves lately destroying
fences. Laying & burning in Effigy & ransacking
carts.
