My dear Mr. Wright

I shall make a point of going to South  
Sea to see Ben & Fanny the first time I  
visit London which will not doubt be before  
long & I shall do my utmost to get them  
to re-visit. I am truly sorry to hear what  
you mention with the view of enabling me  
to push matters home to them. I shall like  
to know how much money they have  
spent since they left South Sea. Mary is  
~~not~~ an. p. ad. today gradually gaining  
ground but is still far from strong & has  
a chronic spring rheumatism.

Dear Robert

I send you a copy of W. W. Adams  
highly satisfactory letter. I hope you will furnish  
him before you go with what he desires with much  
flint and that either you or W. W. Adams  
or both will value his advice & will  
cultivate him more than has hitherto been  
done. G. H. Adams

Copy of Letter from RB to  
Ben & Fanny Wright

" My dear Ben & Fanny Wright I did not  
reply to your letter from Nov. 28 Dec. 3, 4  
and 14 from Fanny of Nov. 25 Dec. 2 & 10 (2) but I quite  
understand and appreciate them I need scarcely say that  
these reports for the past year were for the future were  
contributing to me - but your thing practically called for in  
your affairs was being done under my direction by W. W. W. and  
nothing else was necessary I was glad to hear you were settled at  
Southsea altho that happened that Southsea was better. The  
Rent of your house for last year was too high & I do not know that  
of the one to which you have just moved. I hope that Mr. C. P. Thorne  
now tried to complete my purpose of extricating you from the  
the amount of your Indian men's bills & other expenses & liabilities  
which I have paid in your affairs since their settlement by your  
uncle at Mahon furnished by the First deed has been 942 15.6  
which having been paid makes you apparently clear of all Debt  
excepting the \$1000.00 to Col. Painter the nature of which precludes  
my entering into respect to its payment. The above amount includes  
the \$500 which you borrowed of Mr. Parker on your O. U. to pay your  
Brother's Indian's Headrights (P. name) China & Glass account received  
from you lately by W. W. W. & in which I agree to see among other  
things a small jar & old China Tray an old Lacy Basket 1. 11. 6.  
& a Japanese Tea Pot 10.6 purchased certainly not in any degree  
defensive. I trust when I first thought of assisting you that I intended  
to myself to determine whether it should be in the form of a loan or free gift

And I have arrived at a determination that I shall be satisfied  
James Thorne in no manner to repay any part of the <sup>amount</sup> ~~of~~  
and indeed I return. I am not of your note of \$50.00  
which I sent you to pay you. But I have had written with me  
to your. I am respecting that you write to me. I have been in the  
schedule of goods at last. I have been to the Trustee. I have  
be disposed of by sale and accounted for to him with the due  
Furniture. I have also cleared the accounts with the Trustee  
sale for me which he did and also the Conolly's debt & I have  
I believe you had written about it to send him all the money  
as a gift from me. I have you have received from my  
since (My Dear). For that which I have done I wish no acknowledgment  
I have bought a new application of a portion of the money left me  
by your Aunt Sarah. I have gratified them who have aided me  
last year half of your life. I have last year was kindly paid  
by George Wallace. make in the only return by living in future. I have  
and respectably and abandoning intemperance & formal extravagance  
which has brought you into misery & disgrace with your friends. I have  
now begin again after a second extraction when an income of more  
than sufficient for every reasonable want between 700 & 800 a year  
and as far as I know if only for your maintenance. I have to pay off my  
to your annual domestic expenses. I have paid for my. I have to pay for  
do to. I have been utterly disorganised when looking at the Trade Union  
later which I have disbursed for you. The great majority of them is  
incurred in the short time since you were rescued by your mother  
they would have been unpayable for terms of very large amounts  
if you were then incurring them without a shilling unless provided by  
others to pay them with. At the end of the letter I copy some of the  
items from a Bundle of them which I have now before me. I have  
behaved now done all in my power to save you from any <sup>for my</sup> ~~of~~ <sup>abandonment</sup>  
during a lifetime. I am sure you will have to look to Mr. Graham for  
if you are to whom I have left it. It will be far that no application should  
be made but I still venture to trust that for your own sake & for  
the sake of all who love you I am interested in your welfare and in

Ats' notes

especially for that of your poor child you would care  
out. The promises which you have both so explicitly given me  
in your letter & so many would be made happy to whom you have  
given and clothes. Yr. Robert Fyfe RFB

Since I nearly completed the foregoing very painful  
letter I have been harassed by a visit from Waverley bringing me a  
further parcel of Holmman bills from your father - 1867. to the  
amount of 62.00 (odd) to which you have sent him adding  
that you expect them to the amount of ten pounds or 10.00. - I see  
these say 70 about. I will pay for you but this absolutely  
closes my interference. Beyond that account what will  
enable me to see you have received from me more than 1000? I  
will not pay a single shilling. I see among them I mean of the old  
Cambridge character an antique Gold Fume Lagoon in Hair  
Dressing. I suppose to be a highly ornamental White Paper. I ask you  
whether this is common knowledge.

My dear Mr. Wallace

My dear Mr. Wallace

Knoll Lodge, Milwaukee, Wis.

Monday 2<sup>nd</sup> Apr. 1868.

I am very thankful to you for your kind letter  
indeed. I cannot express the unbroken delight to me  
in your visit - It is not possible to acquire anything  
you would have full information and full evidence  
to supply it though the whole matter has been so much  
under the management of my brother Robert to whom I  
cannot do as perfectly right as I could wish. I  
will however write to him I wish he could send you  
copies of the Mills he has received, his charge, his report  
and the facts of the most unfortunate kind. I will not  
possibly exaggerate. - Yrs. Affly

My dear Robert

April 2<sup>nd</sup> 1868

I think you must feel that Mr. Wallace has  
behaved very kindly & quite right in asking  
for information & I hope you will feel it  
equally - You could not but see the Mills &  
have surely said they wrote upon him a  
multitude of unfortunate facts which can not  
be falsified or exaggerated. They are the true  
I think there could be no difficulty in having  
them copied by Wm. Rogers, Agent in London by a  
law by a lawyer in the employment of a  
certain fact that a Law writer never  
knew what he was writing. So it might be done  
by a Law writer in my chambers & these  
frequently employed on the press. This day  
I have directed a Mr. James to copy  
for 2 Paper Mills, Temple & London Council  
and he is now doing his best to keep it like

the facts from the records and will  
be put in the hands of the Council

As to B/B. affairs - At B. B. through me has asked  
~~him to go to~~ G. Wallace to go to South Sea which he has very  
kindly proposed to do. I do not believe the Probate  
will do any thing. I do not know they have been asked  
I see nothing for it. But the destruction of all those Papers is  
he can dispose of. He believes I can take care of me but I do  
not know. I do not mean by the admission of money  
I have done with that but by legal Power. If any thing  
of this kind arises. I know of none yet. School not  
employing the same attorney as B/B does. I will have  
one independently to myself. I have made a great  
mistake already in appointing attorney for me. I can  
have two masters. - both respect to what is to be done.  
I can suggest nothing but letting the Law take its  
course. The Sheriff's officer in possession of the goods  
in the House might if accompanied by a Salvo have  
some effect. or an amount of £100. I will be willing  
to pay for it. The Probate Court has already seen. that  
the total disregard of every paper. Promise & the  
Part of his wife & the other Miller which I have written  
to B/B to ask to see with if I am permitted make  
a most surprising display. I think them of great  
importance for they will establish facts of  
profligate expenditure beyond all doubt and without  
exaggeration. They tell them the very Truth on  
all points. The Times at which those new Debt, are  
contrasted thus the most elaborate instruction to do  
may know by J. H. H. H.

My dear Dick

My dear Dick  
I got home pretty well on Tuesday by  
RR - I suffered a good deal - M M. T. and out  
strained himself - & is very ill - yesterday - ~~but~~ -  
To Day Dr Elliott brought me Dr Watson of  
Emmorton near Harrow about 15 miles from this & he  
is also a medical man he seems to have been  
sent to me & expects another Patient that he is very  
particular not to admit any but Grate men I  
proposed to go to see him at his own place with Elliott  
on Wednesday the 9th supposing that Fanny would go to  
her Aunt in Slapton as she returned the day before  
that I should go to Emmorton & I happened on the 10th  
by which time I should have reached the residence  
the stock under the mortgage settlement & I might have  
paid off the mortgage I had much & a few other  
pressing claims Fanny however the most desirous to  
see her Aunt and get a little rest does not wish to leave  
me, myself & do not wish to depart here for I do not  
do (not) know what to do. I really do not think I can  
avoid going through the Insolvent Court or something  
of that sort & my eyes are opened to my real position  
I have been so irregular (Drunk perhaps is the word) since  
last Xmas that I have kept no accounts & as to Fanny  
who has done her best but the bills seem hardly ever  
to have been paid and the ready money spent in all  
sorts of foolish ways - Your father after having behaved  
with (a) generosity I did not deserve let me nearly  
free at the beginning of this year but I must lose  
some where I know our location 29. London "I am this  
Mace & Ryde The people will certainly bring suits  
and proceed to execution of some settlement is not made  
soon. If Fanny is to stay here for the six months

for what the House is taken he will have to pay 110  
in Rent nor do I see how she can live here. She must  
have somebody to stay with her. under 200 Two  
hundred for the next six months I will have no doubt  
he will do her best. Dr Watson the Chayer & Jeweller  
a week but I shall not require a servant there. I am  
afraid Fanny & myself also may have some  
London bills due at Xmas next but I do not yet know  
the amount. This will come to Betty & be paid  
I understand Elliot fees naturally having as he called  
every day 400 L. Rent 110 To Expenses 200 my share  
at 6 guineas a Week for six months say 160

To last in till next year

870

Your father very properly  
says he can do no more for me in this. I am tired of  
spending my property very much I am not  
free give any security whatever for an advance.  
There are some pictures & things at the Pantheon  
at some plate that which might fetch at auction perhaps  
500 other means I have none as to the accu-  
dum I will be at income tax about 169 -  
Packer & Worsley have put me 50 under a solemn  
promise to repay him on the 15<sup>th</sup> day nothing about the  
50. You put me but even if you consent to let I stay  
awhile I can only just pay the Servant Wages & Norris  
Schooling. & for the rest of the year we have only 5/-  
Week which my under alone pay regularly Weekly  
I hope has paid me all I can expect this Year I do not  
know what can be done - If I had again taken the House I  
think Fanny & I might have been better off but as it  
is we have no more money. I am not without some but  
I tell you all our creditors. About 2 or 3 more have  
by her own mortgagor from tomorrow till Monday  
I shall say nothing else. Pray give me your  
advice in the whole matter for I have no idea how  
I can save myself my wife & child from disgrace  
when you are as liberal as ever. I am

Wadsworth

To day I have seen W. W. Wadsworth the medico who  
lives about 12 miles from here and takes patients of  
the Clasp we require. I have also had an interview with  
him together with Mr. W. Wright and left them to talk over  
the matter the result of which your cousin proposed to  
communicate with you. There seems to be no difficulty  
about his going to W. Wadsworth and as far as possible  
to judge by sight & hearing what is proposed to be done.  
I do not see a more eligible chance than this. W. W.  
knows (who has been all we could wish since we  
saw you and promise to do well) does not seem to go to  
W. W. Wadsworth or the 18th but as he has money  
making to arrange what W. W. says can be done for him  
just as well. Of course I know nothing of all this and need  
leave that to you better judge must this I do think.  
W. W. leaves with his child on the 7th or 8th of the  
I think it would be desirable for him to be at  
until the 18th I think he is perhaps to go up with him  
to see the place first. The country round Skaneateles  
& there will be one Gentleman at least who has  
underd. W. W. would not receive W. Wright until he  
has seen him & ascertained that he was a Companionable  
one for Gentleman. I what he is quite satisfied unless  
some could be otherwise he is all you could wish  
I earnestly hope he may continue so. I will write to  
Dr. Radcliff where I have heard from you and  
put him in mind and give him the communication.

Yrs faithfully

My dear Father  
I sent Regie (his brother) two letters  
to the D<sup>r</sup> you will see that the way seems clear  
for the medical restraint scheme - by the other  
you will see the state of impasse they have  
again arrived at. The Borrowed 25d. from William  
Long to pay her Hotel Bill when in London  
ordered two Quarter Cask, of Wine which I  
presented him from Sunday to day. Ben goes  
about borrowing money, from every one. Wallace  
talked the whole matter over as far as money  
goes he would do nothing - he says & rightly that if  
no use I think I see how he could raise  
1000 on the Assurance of 3000. but Wallace says he  
pays the premium for the sake of his family and  
will not do so for the sake of paying his debts of course  
I shall have nothing to do with the Crossings of your pay  
a shilling. The medical court is the only  
right thing for such people - and ought not to be  
fiddled over. Were it not for this I would  
propose Ben signing an agreement to so X

Wansley is to have nothing to do with these proceedings

 them under Dick Wright's direction. No money will  
 be required from you at present. Dick Wright here  
 on Monday left Tuesday for Leigh. Elizabeth (I am

 that the Gleason who are friends here are entangled  
 with this matter but Dick could not do anything

D Saml. — You will be glad to hear  
that Dick's visit to Boston placed the affair  
in quite the right train — Mr. Graham, very

Dear Robert

Yours affectionately  
W. L. Malvern Wells

The Post. would not allow me on Saturday to do  
more than make a copy of W. Wallace's statement of B. B.'s  
affairs — on Thursday W. B. B. called on me to ask if  
I would see B. B. & W. Wallace on B. B.'s affairs saying that  
Ben had been consulting him & came said fr. the same  
(without Ben) on Friday — where we considered the whole  
matter including Ben's peculiar infirmity) and as you  
will see by the statement that there remains only  
about 350 q. & d. p. an. . This being so we considered  
that if the sum of ~~£~~ Seven Hundred pounds p. an.  
could be made it — it would be sufficient & not  
too much for them to go on upon — Plans to this purpose  
were talked over — Wallace seemed to prefer a scheme  
of life insurance — what he endeavored to explain  
to me in vain — but it is no doubt well worth  
considering — another plan was talked of. but not adopted by me  
for they said was considered cautiously as

There talk & conversation) that I should advance  
pay ~~£5000~~ <sup>£2000</sup> and you & Sam <sup>500</sup> ~~5000~~ each and  
some moderate sum for the payments necessary to  
carry the scheme through. - I do not mean Debt now due  
for Wallace & Co. is quite sure after having well  
examined B.B. & the subject that they will be more  
than covered by the <sup>£</sup>2000. i.e. mentioned in the  
Statement Of course security must be found for  
the Capital.

The other plan is that I should <sup>(say) £3000.0.0</sup> pay ~~£5000.0.0~~ <sup>£2000.0.0</sup> & plan  
in the same way that I pay the Sister in two half  
yearly payments & that you & Sam should provide by  
<sup>£</sup>500 ~~£5000~~ <sup>£2000</sup> each & some et cetera. as above  
mentioned  
When B.B. comes to the Crawley proper <sup>by</sup> my death  
(say 3 years hence) - he should repay the whole

whole I am received on the above scheme on  
any other which may be adopted to the practice  
(their executor) within two years. together with  
simple (or compound as may be agreed upon) interest  
I presume there would be no difficulty in  
fixing this as a debt on good security. ~~as if~~  
as owing by B B

I submit this plan for consideration as very  
simple. It has not been mentioned to Mr. Wallace  
<sup>because I may thought of it last night.</sup>  
but I see no reason for not making a secret of it. for  
him should occasion occur

Mr. Wallace did not say one word about  
joining in any scheme. but I am satisfied

to write a friend of Maffray in advising

we spent two hours Friday & may Saturday  
in talking the matter over backwards & forwards  
Mr. Wallace thinks that W.P. will do her very  
best to present Extraordinary notwithstanding fully  
apprised of the state of things. J. J. Henry Bright
