Spalding, Dr Willard B.

Browne to Spalding Re: Contemporary Education. Browne says: "The first reviews...have been favourable, and it is being set as a text in both Western Australia and Victoria. I think the same will happen in Queensland. The more I see the book, the more I like it, and our own students are very pleased with it." He also mentions the centenary celebrations, Olympic Games, another geography book in the process of being written. "At present I am trying to complete a new geography text book for our secondary schools, based on my new course which has just been introduced. My section deals with the original study of North America, and I am enjoying the process of writing this up".  
15 June 1956.
