Creator	Greer, Emeritus Professor Germaine
Creator's Activity/Occupation	Journalists - Academics - English - Feminists - Authors
<p>Creator's Historical Note</p> <p>Germaine Greer, author, journalist, broadcaster, feminist and conservationist was born in Melbourne, Australia on January 29, 1939. She was educated at Star of the Sea College, Gardenvale, studied English and French literature and language at the University of Melbourne, (BA Hons) and graduated MA (Hons I) from the University of Sydney with a thesis on Byron's satiric verse, and was a Senior Tutor in English (1963-1964). Greer earned a PhD from the University of Cambridge on Shakespeare's Early Comedies and was appointed Lecturer at the University of Warwick (1967-1972). Greer was one of the first women appointed full members of Cambridge University Footlights Dramatic Club and subsequently played roles in comedies for television, with regular appearances on radio and television continuing throughout her career. A contributor and editor for the underground press Oz and Suck magazines, Greer was also a gardening columnist Rose Blight for Private Eye in the late 1960s and 1970s. Greer has written widely throughout her career for the mainstream press as a journalist, columnist and reviewer.</p> <p>In 1970 Greer published The Female Eunuch, which explored the limitations on women's lives and selves in the wider context of the liberation movements of that time. It created a shock wave of recognition in women around the world, became an international bestseller and a landmark in the history of the women's movement and was reprinted and widely translated. This launched Greer's career as an author and was followed by a series of popular and academic books including: The Obstacle Race: The Fortunes of Women Painters and their Work 1979, Sex and Destiny: The Politics of Human Fertility 1984, Shakespeare 1986, The Madwoman's Underclothes selected journalism 1964-1985 1986, Kissing the Rod: An Anthology of Seventeenth Century Womers Verse, coedited 1988, Daddy we hardly knew you (1989), The Uncollected Verse of Aphra Behn (Ed.) 1989, The Change: Women Ageing and the Menopause 1991, The Collected Works of Katherine Philips: The Matchless Orinda (vol. III The Translations) with Dr R. Little 1993, Slip-Shod Sibyls: Recognition Rejection and the Women Poet 1995, The Surviving Works of Anne Wharton (ed. with S. Hastings) 1997, The Whole Woman 1999, John Wilmot Earl of Rochester 1999, 101 Poems by 101 Women (ed.) 2001, The Boy (2003), Poems for Gardeners (Ed. 2003), Whitefella Jump Up: The Shortest Way to Nationhood (Quarterly Essay) 2003-2004, Shakespeare's Wife 2007, On Rage 2008, and White Beech 2013. Greer is in addition the publisher of several volumes of seventeenth century women's writing under the imprint Stump Cross Books.</p> <p>Greer taught at the Universities of Tulsa (1979-1983) and Warwick (c. 1989-2003). She is the president of the invertebrate charity Buglife and the founder of Friends of Gondwana Rainforest charity which manages the Cave Creek Rainforest Rehabilitation Scheme in Southern Queensland. In 2013 Greer sold her archive to the University of Melbourne, with proceeds to benefit Friends of Gondwana. Greer is the recipient of numerous scholarships, honours and awards.</p> <p>Source: Whos Who in Australia.</p>

Control records:**Box list**

Attached to this catalogue record is a box list based on the inventory produced when the archive was packed on location in Essex, England. It contains rudimentary information about the content and/or format of the items contained in each box/unit and the current access status set by the University Archivist. This box list is available to facilitate early access to the archive while it is undergoing further processing and description. As further processing and description is undertaken more detailed information about the contents of the archive (series and item descriptions) will become available through the online catalogue.

The items in some boxes have been removed to new series for further processing and description. Where this is the case it is indicated in the scope and content field in the attached box list. A fuller description for the new series exists and the items may have been re-boxed in a new sequence for that series. Further information about series that have received additional processing and description can be found in the online catalogue by searching using the catalogue reference number cited in the box list.

Occasionally drawer numbers are referred to in the scope and content notes of the attached box list. Drawer numbers assigned by the creator at the previous location of the archive have been recorded but are not included in the attached box list. Information about the previous (creator's) arrangement of the archive will be made available as a result of further processing and description of the archive.

Creator's catalogue of parts of the archive

The creator's catalogue completed by Greer around 1997 (attached) describes in some detail many of Greer's works and selected correspondence. It is arranged by year and then into drawers indicating the nature of the work or correspondence. For example: author, academic, journalism, Australia etc. This cannot be used as a finding aid to the archive as it does not indicate the location of described items in the archive. It also does not indicate whether or not the item is currently available for access to researchers. When requesting material from the archive please instead use the box list also attached to this record which indicates the box number and access status. However the creator's catalogue discussed here may serve as a more detailed guide to identifying works in the archive once they have been located. With some exceptions, this catalogue does not include the very large series of general correspondence which is arranged alphabetically by the authors last name, audio visual or digital series, photographs, or personal papers of an administrative nature.

Index to general correspondence:

There is a multivolume handwritten index to the general correspondence. This is currently undergoing conservation treatment. See box 401 of attached box list.

Greer's television and radio performances:

A compendium of Greer's television and radio performances is a very useful guide to Greer's non-literary works and also serves as guide to the series of audio visual recordings (on video, CD and DVD formats) of these works collected by Greer from mainly third party producers. See box 402 of attached box list. A version of this list annotated by the audio visual archivist to show works held in the Archive is attached to the catalogue record for this series (2014.0041).

Digital media index:

There is a partial list of contents of some digital files stored on CDs, but this list is not a comprehensive list of the contents of digital files stored on all digital removable media. See box 448 of attached box list.
