Creator	Yuncken Freeman Architects Pty Ltd
Creator's Activity/Occupation	Town planners - Architects
<p>Creator's Historical Note</p> <p>The architectural and planning practice, Yuncken, Freeman Brothers and Griffiths was established in Melbourne in 1933 by Otto Rob Yuncken, brothers John and Tom Freeman, and (William) Balcombe Griffiths. Three of these men had studied with the University of Melbourne's Architectural Atelier. Following the disruption of WWII, the firm became Yuncken, Freeman Brothers, Griffiths & Simpson in 1945 when Roy Simpson joined the partnership. Barry Patten and John Gates were admitted to the partnership in 1953 following the death of Rob Yuncken (1951). In due course, John Yuncken (Rob's son), Robert Peck and Jamie Learmonth also joined the firm.</p> <p>In 1963 the Royal Australian Institute of Architects approved the principle of architects practising as proprietary limited companies. The partnership was disbanded and re-established from 1 January 1963 as Yuncken Freeman Architects Pty Ltd.</p> <p>Key figures in the firm such as Barry Patten and Roy Simpson designed some of the most iconic Australian architectural works in collaboration with other architects at YFA which operated in a team model. Such projects included the Sidney Myer Music Bowl (Reynolds Award 1959), AON Centre (Victorian Architecture Medal 1967), Treasury Place (RAIA Victorian Bronze Medal for Excellence 1970), Eagle House (RAIA Award of Merit 1972), BHP House (RVIA Victorian Architects Award (1975) and the Master Plan for Latrobe University as well as number of significant projects in Melbourne, Canberra and abroad. Several YFA projects are listed on the Victorian Heritage Register.</p> <p>The evolution of YFA largely reflects that of Australian architecture in the mid-to-late 20th century. During this time, Australian designers were experimenting with materials, form and space. They were inspired by the processes of the modernist movement but sought to add their own Australian touch and to bring modernism into the home and not restrict it to just the cultural avant-garde.</p> <p>Yuncken Freeman Architects wound up in 1992.</p>

Scope and Content of Collection/Series

Architectural drawings for projects by the firm established as Yuncken , Freeman Brothers, Griffiths and Simpson. Most projects are identified by a job number assigned by the firm and described in this database as YFA Job No 'N'. Information captured in the database includes, address, client, project name and type of project (residential, commercial and so on) as well as the media used when creating the drawings.

The drawings in this tranche of YFA material were separated from others with the same job number and delivered to the State Library of Victoria (SLV) by YFA but not documented in the SLV collection. When the University of Melbourne Archives (UMA) accepted the last tranche of the archive of YFA in 2018, the SLV transferred this material to UMA.

Drawings in this tranche are identified by job number and related details, but other drawings and photographs from each job number might be distributed across several other acquisition records. Please see series 1984.0047, 1987.0050, 1987.0051 and 2018.0077. The majority of photographs are within series 2018.0115.
